## WORK

Deventure Software

**MOBILE DEVELOPER**

**IAN 2018 - PRESENT**

Developed Mobile application in Xamarin and Native Android&iOS. The technologies I used: C#, Swift, Java. I was involved in the whole process from start to release. My main tasks :

- Developing and testing new features for Native iOS&Android/Xamarin iOS&Android
- Publishing new releases on Google Play and App Store
- Deployment of new versions of Gradle plugins and Cocoapods
- Building and integrating cross platform components with/without MvvmCross
- Ensure applications are properly integrated with our core projects
- Contribute on creating new applications from scratch
- Maintaining contact with clients about feature implementations and releases

**+ TEAM LEADER**

**MAR 2019 - PRESENT**

- Teaching and coordinating the interns, delegating tasks and creating timelines
- Managed 2 projects from start to finish

## EDUCATION

**BACHELOR DEGREE**

**WEST UNIVERSITY OF TIMISOARA | 2016 - 2019**

- - Object Oriented Programming, Operating Systems, Good Object-Oriented Design, Databases

## VOLUNTEERING

**TEAM LEADER OUTGOING GLOBAL ENTREPRENEUR(GE)**

**AIESEC | MARTIE 2017 - AUG 2017**

- I was responsible for the value delivery phase of the customer flow on the GE product
- coordinated a team of 4 people
- guaranteed the implementation of strategies

## CORE CALIFICATIONS
